DETAILED ACTION

Election/Restriction

1. In correspondence dated October 4, 2007, Applicant elected without traverse the invention of Group I directed to compounds and compositions of Formula I. Applicant cancelled claim 2. Though claims 1 and 3-23 are currently pending, because claims 13-23 are drawn to non-elected subject matter, only claims 1 and 3-12 are under examination.

Applicant elected the species (-)-1-[2-(2-(ethoxyphenyl)-1-phenylethyl)piperazine dihydrochloride for search purposes.

Priority

2. Acknowledgment is made that this application is a 371 of PCT/IB05/00016, filed on January 3, 2005 and claims benefit of U.S. provisional application 60/545,554, filed on February 17, 2004.

Information Disclosure Statement

3. The references disclosed in the IDS dated July 13, 2006 are made of record.

Claim Rejections - 35 USC § 102

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 3-9 and 11-12 are rejected under 35 USC 102(b) as being anticipated by Natsuka, et al., *Synthesis and Structure-Activity Relationships of 1-Substituted 4-(1,2-Diphenylethyl)piperazine Derivatives Having Narcotic Agonist and Antagonist Activity*, Journal of Medicinal Chemistry, Vol. 30, 1779-87 (1987). The reference teaches 1-Substituted 4-(1,2-Diphenylethyl)piperazine derivatives, which include the instant claimed compounds. Specifically, the compounds 19 and 20 of the reference, found in Table II on page 1781, anticipate the aforementioned claims when R³ is substituted with OH and C₁alkoxy, respectively.

Claim Objections

5. Claim 10 is objected to as being dependent upon rejected independent claim 1, but would be allowable if rewritten in independent form including all of the limitations of the base claims and any intervening claims.
